Volume Discounts do apply and must be worked out at time of purchase. Fifty percent payment and contract are necessary to being work unless otherwise stated in the contract. Progress will be updated through email and pictures. Estimated ship date will be given at time of contract. Rush orders are available. Orders delivered before October are only guaranteed if the order is placed before Aug. 1st. Shipping and remaining balance are billed on final invoice. All work to be performed will be included in the contract. Artist rendering will be matched as closely as possible within reason. We will work with you on any grievances on the product received within the bounds of the contract. Leasing is available and will be handled through a leasing contract. Maintenance contracts are available. If necessary design fees for custom work will be outlined through a separate design contract. Installation is available and will be handled through an installation contract. Consultation is available. Turnkey events are available and will be handled through a compilation of previous mentioned contracts.
